

# TOUGHNOTE

## DA05+I RUGGED PDA

This new innovation in the field of mobile computing technology has applications in every imaginable mobile data field. Specifically targeted at service engineers, surveyors, utilities, logistics and infrastructure providers – everyone can enhance their productivity and effectiveness.

Class leading waterproofing and ruggedisation means the DA05+I can be used in a huge array of environmental conditions and the impressive specification means that performance is never compromised – full colour VGA screen, USB connectivity, optional legacy COM port and a whole host of wireless options allow users to perform the most arduous tasks in the most challenging of conditions.

- Intel Bulverde 624 MHz processor
- 4" VGA (640x480 64k colours) Transflective backlit sunlight readable TFT with resistive touch screen
- 128 MB SDRAM
- 1 GB NAND Flash ROM
- Mono speaker and microphone input
- 4 user programmable function keys
- Ports
  - 1 x USB 2.0
  - 1 x mini USB client
  - 1 x RS232 (option)
  - 1 x User accessible Type II PCMCIA port (can house CF adapter)
  - SD slot
  - Mic/earphone socket
  - 1 x docking
  - **Optional, WLAN, 3.5G/GPRS/GSM, GPS upgrades, Bluetooth**
- Internal 10-32 V DC vehicle power adapter and external cable
- **Optional camera, keyboard, I/O applications on request**
- Autosensing 110-240 V AC power adapter
- Primary 3,900 mAH 3.7 V Lithium-Ion battery (**optional double capacity battery**)
- USB Datasync cable
- Headset kit
- LCD protector
- Pen stylus
- Win Mobile 6.0 (**Options for CE Net 5.0 and Mobile 6.0 Phone Edition**)
- Dimensions 90w x 150h x 33d mm
- Weight 450 g
- Mil Std 810 F compliant
- CE/FCC/E-Mark EMI compliance
- IP54 rating
- Magnesium alloy casing in black (**custom colours available on request**)
- 2 yr rtb warranty
