

Specifications for Toughnote DA05-M Rugged Handheld PDA

This new innovation in the field of mobile computing technology has applications in every imaginable mobile data field. Service engineers, surveyors, industrial and military personnel – everyone can enhance their productivity and effectiveness.

Class leading waterproofing and ruggedisation means the RPDA can be used in a huge array of environmental conditions and the impressive specification means that performance is never compromised – full colour VGA screen, USB connectivity, legacy COM port and a whole host of wireless capabilities allow users to perform the most arduous tasks in the most challenging of conditions.

- Intel Bulverde 624 MHz processor
- 4" VGA (640x480 64k colours) Transflective backlit sunlight readable TFT with resistive touch screen
- 128 MB SDRAM
- 128 MB NAND Flash ROM
- Mono speaker and microphone input
- 4 user programmable function keys
- Ports
 - 1 x USB 2.0
 - 1 x mini USB client
 - 1 x RS232
 - 1 x User accessible Type II PCMCIA port (can house CF adapter)
 - SD slot
 - Mic/earphone socket
 - 1 x docking
 - **Optional Bluetooth, WLAN, GPRS/GSM, GPS upgrades**
- Internal 10-32 V DC vehicle power adapter and external cable
- **Optional camera, keyboard, I/O applications on request**
- Autosensing 110-240 V AC power adapter
- Primary 3,900 mAh 3.7 V Lithium-Ion battery (**optional double capacity battery**)
- USB Datasync cable
- Headset kit
- LCD protector
- Pen stylus
- Win CE.NET 5.0 (Options for Mobile 5.0 (Pocket PC 2005) and Mobile 5.0 Phone Edition)
- Dimensions 90w x 150h x 33d mm
- Weight 450 g
- Mil Std 461E EMI compliant
- Mil Std 810 F compliant
- CE/FCC/E-Mark EMI compliance
- IP65 rating
- Magnesium alloy casing in green
- 2 yr rtb warranty
